You will receive a courtesy copy (CC) of their notification.

Thank you for sharing your concerns, and for your efforts to ensure that the 2020 Census counts are accurate. If you have questions, please contact the CQR Help Desk by email at dcmd.2020.cqr.submissions@census.gov. Please cite the 2020 Census CQR case number shown above in your communication.

FROM THE DIRECTOR
U.S. CENSUS BUREAU

This is an official statement of the revised 2020 Census counts of housing and population made through 2020 Census CQR case number PL4724440_A.

~~~~~  
According to the official records of the TWENTY-FOURTH DECENNIAL CENSUS OF THE UNITED STATES, on file at the U.S. Census Bureau, the following are the revised counts as of April 1, 2020, for Estill Springs town:

Total Housing.....1,233  
Total Population.....2,709  
~~~~~

Because of the actions taken in this CQR case, the Census Bureau will include the revisions in the errata information available online from <www.census.gov/programs-surveys/decennial-census/decade/2020/planning-management/evaluate/cqr.html>. The Census Bureau will use the revisions to modify the decennial census file for use in annual postcensal estimates released for the years after the decennial census; however, the census counts used for congressional apportionment, legislative redistricting, and the 2020 Census data products will remain unchanged. See the enclosed table for a summary of the revisions. The table includes the original and revised counts of housing and population and the change calculated between the two.
